

Introducing the Presto range of office furniture

Presto
FURNITURE

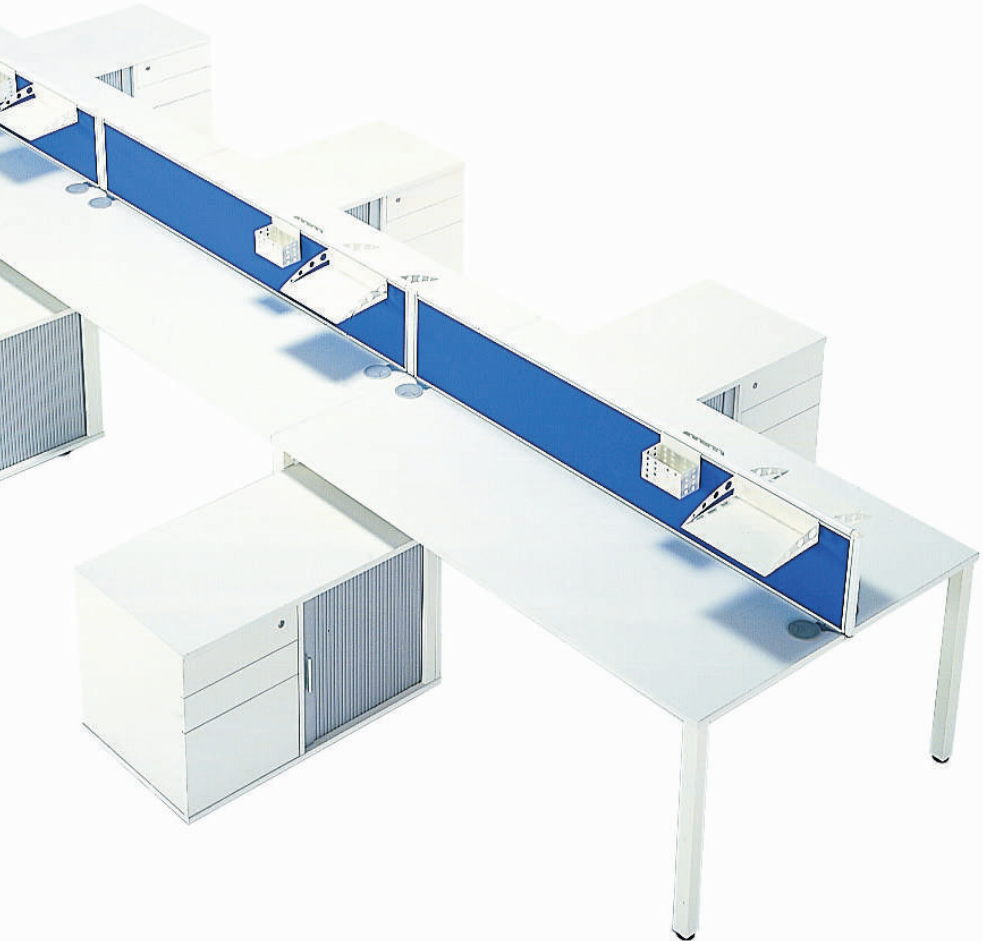

www.prestofurniture.com.au

Presto Furniture Systems™ combine intelligent design with extraordinary value to provide modern adaptable office furniture that defies tradition.

Presto began with a simple, but seemingly contradictory question – could we design a well engineered modern office furniture system that combines refined styling, economy and endless versatility – yet with no trade-off in attention to detail?

Proudly we offer the result – Presto ! A well resolved though simple system that merges style, versatility and economy.

Single Workstation Desks

By using Presto accessories you can add elements that will transform a simple desk into a fully integrated executive workstation, perfect for today's modern office.

Endless possibilities

Simple, elegant and practical desking solutions

Available size combinations:

Depth (mm): 600, 700, 900, 1200 | Width (mm): 1200, 1500, 1800, 2100, 2400

Double Workstation Desks

Two work surfaces are linked together to create a double desk with only four legs. Discrete under-desk structural beams complete this clean uninterrupted look. The double workstation layout is ideal for supporting administration, small project teams or call centre requirements quickly and at minimal expense.

The Presto Double Desk has two work positions. [The following sizes are available for each work position:](#)

Depth (mm): 600 or 700 | Width (mm): 1200, 1500, 1800, 2100, 2400

4-Way Workstation Desks

Double desks combined with fixed returns and privacy screens provide a smart 4- person work zone.

Presto 4-Way Workstation Desks have four work positions. [The following sizes are available for each work position:](#)

Depth (mm): 600 or 700 | Width (mm): 1200, 1500, 1800, 2100, 2400

Presto Open Returns

Perfect for creating a corner workstation.

Presto Returns with Fixed Pedestal

Ideal for creating a corner workstation when additional storage is required. The Presto return with a fixed pedestal features 2 utility drawers and 1 file drawer with a multi-lock.

Presto Open Returns are available in the following sizes:

Depth (mm): 600, 700 or 900 | Width (mm): 600, 800, 900, 1100, 1200

The pedestal measures 430mm wide x 590mm deep.

Top sizes: Depth (mm): 600, 700 or 900 | Width (mm): 600, 800, 900, 1100, 1200, 1500.

Other custom sizes, such as 750mm deep, are available on request.

Privacy Screens

The optional Presto privacy screen is an ideal solution for creating visual separation and a private enclosure between two work positions. Privacy screens clamp to the worktop and can also be used on existing desks with 25mm worktops. Available in blue and light grey.

Presto Tables

Tables and larger desking can easily be created utilising the standard Presto components.

Privacy screens measure 20mm thick and are available in the following sizes:

Height (mm): 330,480 | Width (mm): 700,900,1200,1500,1800,2100

Both sides of the Privacy Screens are upholstered and available in blue or light grey fabric.

Whether you are training or meeting, Presto's clean lines and stability provide the perfect table for any office activity.

Presto Tables are available in any combination of:

Depth (mm): 600,700,900,1200,1400 | Width (mm): 900,1200,1500,1800,2100,2400

Accessories

The Presto Range offers office desk and furniture accessories that will integrate into any office environment to provide that finishing touch. Our mobile pedestal range is designed for durability and the under-desk cable tray provides a simple cable management solution. Screen hung paper trays and pencil boxes keep your worktop clutter free.

Presto Mobile Pedestal

The Presto Mobile Pedestal is the perfect under-desk storage unit. It is configured with 2 standard drawers and 1 file drawer. Features include full steel construction, multi-lock, a fifth safety castor wheel and metal double extension runners. Presto is available in silver or white powdercoat finish. The Presto pedestal has been specially designed to fit comfortably under Presto desks and work tables. The pedestal measures 560mm deep x 600mm high x 390mm wide.

Presto Mobile Caddy

Combining an office mobile pedestal and a cupboard storage unit, the Presto Mobile Caddy is designed to slide under the Presto range of desks and tables. The Presto Mobile Caddy features full 25mm construction with metal drawer runners, a multi-lock and a tambour door. The filing drawer has double extension runners. The mobile caddy measures 550mm deep x 650mm high x 1000mm wide.

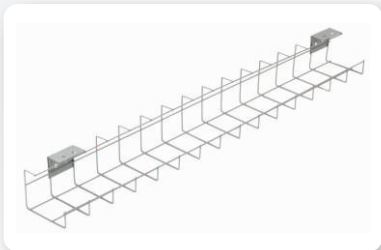

Modesty Panel

Measuring either 1100mm or 1400mm wide x 20mm deep x 350mm high, the under-desk Modesty Panel is available in white or silver powder coat.

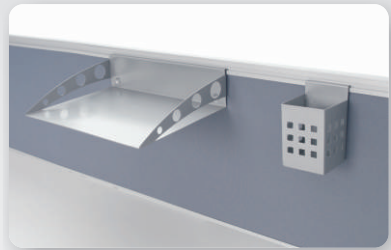

Cable Tray

The under-desk cable tray is available in lengths of either 700mm, 900mm or 1200mm and is finished in a silver powder coat.

Paper Tray & Pencil Box

Designed to easily clip onto the Presto Privacy Screen, the paper tray and pencil box are available in either white or silver powder coat.

Keyboard Lozenge

The keyboard lozenge is available in white or silver powder coat and suits a 25mm worktop.

Specifications

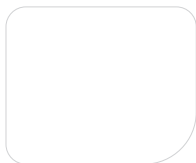

Leg Detail

The Presto leg profile is 50mm square, has a levelling foot and is available in white or silver powder coat. As standard a pair of legs are supplied as a single piece. These pairs come in widths of (mm): 600, 700, 900, 1200, 1400. Standard beam lengths suit worktop sizes (mm): 1200, 1500, 1800, 2100, 2400. The finished worktop height is 730mm above floor level.

Worktop Detail

Presto desks and tables are supplied with 25mm Laminex worktops with matching ABS edging. All desks have 1 left and 1 right hand cable hole cover as standard, however tables are provided without cable holes. Custom sizes and laminate colours are available on request.
